## Share Purchase Plan Results

Australian Potash Limited (the **Company**; ASX: APC) advises that the Company's share purchase plan announced on 2 November 2021 (**SPP**) closed at 5pm AWST on 13 December 2021. The SPP complemented the Company's two tranche placement to sophisticated and institutional investors which raised \$12million (**Placement**).

The first tranche of shares associated with the Placement was issued on 9 November 2021 representing funds of \$7.8million. Issue of the second tranche of Placement shares, representing funds of \$4.2million, is anticipated to occur on or around 22 December 2021, following shareholder approval received for their issue at the Company's annual general meeting on 15 December 2021.

Applications were received from eligible shareholders for a total of \$477,000, representing 5,962,500 fully paid ordinary shares at an issue price of \$0.08 per share, being the same issue price as the Placement (**SPP Shares**). The issue of the SPP Shares to those eligible shareholders occurred today, 17 December 2021.

This release was authorised by the Board of Directors.
